VERITAS e-news is a monthly on-line publication of features, news and events at VERITAS, a premier architecture and design firm based in Kuala Lumpur, Malaysia. VERITAS e-news has a subscriber base of 3000 readers. **NOVEMBER 2011**

Greetings to all our readers!

In this month's e-news, we are delighted to feature an exciting newly completed institutional/educational project, our Desa Park City International School in Kuala Lumpur. Community and educational work has always been an important component of the VERITAS portfolio, and we always given it our fullest attention despite its relatively modest scale compared to our "high-profile" projects. In viewing this current work, we hope you will agree.

We are also pleased to feature the recent VERITAS Idol contest and many other interesting "happenings" at VERITAS. We hope you enjoy this month's VERITAS e-news! And please don't hesitate to contact us if you would like to know more about any of the stories featured here.

- Block 2: Administration, library, visitor's café, student activity space and workshop.

The International School @ ParkCity is a joint venture between Perdana ParkCity Sdn Bhd, the developer of the award-winning township of Desa ParkCity, and Brighton Education Group Sdn Bhd whose expertise is in establishing and operating private and international schools as well as pre-schools based on the UK National Curriculum. The 3-acre site for the International School at Parkcity (ISP) is located in the self-contained township of Desa Parkcity, Kuala Lumpur. It provides an ideal learning and environment for 1200 children from 3 to 16 years of age.

Inspired by the 'vibrant' concept, ISP was designed with some unique and interesting architectural features i.e. protruding/floating boxes, sky-view study pods, interlinked courtyards and boulevards. The 'boulevard' is the long and wide central corridor; the binding element within the ISP, which functions as the central entrance, as a meeting place and a gallery/exhibition area. It is covered with a dynamic shaped roof connecting all 4 blocks of the school.

On-campus facilities include a well-equipped library, sky view study pods and a lounge located in the main boulevard walkway. Students will also get to use off-campus amenities in the ParkCity Club's multi-purpose hall, badminton courts, lap pool and fun pool as well as the Sports Centre comprising a FIFA-size football field and two basketball courts. The School also features a dedicated student drop-off /pick-up area and a dedicated school bus lane. In addition, a 6-storey purpose-built car park facility is located right next to the school.

This facility will provide 700 car park bays. Perdana Park City Sdn Bhd is a subsidiary of Miri-based Samling Group. <http://www.samling.com/>

The School opened on 7th September 2011 for the 1st intake.
