Hey Everyone! Wishing all an Eid Mubarak!

In this month's E-news, we are delighted to present one of VERITAS' soon-to-be completed projects, the ETIQA Headquarters in Bangsar, Kuala Lumpur. We are also pleased to feature many exciting events at VERITAS such as our Ramadhan lftar gathering and other interesting activities.

We hope you will enjoy this month's VERITAS e-news! And please don't hesitate to contact us if you would like to know more about any of the stories featured here.

ETIQA Towers, Bangsar, Kuala Lumpur

Sitting between Jalan Bangsar and Jalan Bangsar Utama, the prestigious construction addresses the dual frontage opportunities which help activate the entire site. The façades of ETIQA Tower boast a huge green wall designed by VERITAS Landscape Sdn Bhd which wraps one corner of the parking podium, providing a refreshing feature for passersby of Jalan

Its green-rated crystal grey curtain wall extends down to the ground offering visual continuity while the shimmering PVDF coated aerofoil louvers provide shade and screening for the

parking podium. With the effort of VERITAS Environment Sdn Bhd

the corporate tower ticks the checklist of a Grade A office

building standards and also meets the requirements of a Gold

rated Green Building Index (GBI) and GreenRE Platinum

rated sustainable development.

Ramadhan Iftar with VERITASians

On 8th June 2018, VERITAS Sports and Social Club (VSSC) organized a Ramadhan Iftar (breaking of fast)

in the Menara Getah Asli banquet Hall. The highlight of the event was eating on a Talam (a large plate serving rice and side dishes for 5 persons) to share and enjoy the meal together. It was an intimate and great Iftar for all VERITASians

WHERE ARE WE FEATURED

On 2nd June 2018, an article titled "Death of Cities" by VERITAS Architect Thriguna Dewi was featured in the FocusM property section. The article explores the **potential** dystopian future of cities by extrapolating current trends in architecture. The article hopes to start a dialogue between the various disciplines in the construction industry on the cost of traditional building practices and alternative methods of construction.
