JANUARY 2020
E NEWSLETTER

Welcome to 2020, the beginning of a new decade! In this month's E-news, we are delighted to feature a special project being undertaken by VERITAS; the Petronas Leadership Centre.

Happy Chinese New Year Everyone! Gong Xi Fa Cai!

Petronas Leadership Centre, Bangi

The purpose of the leadership centre is to encourage social collaboration and enhance future learning experiences through innovative learning spaces in support of PETRONAS' work culture. The form of the campus is a curved central pedestrian spine which becomes the main circulation focus and links all building components, where classes and accommodation blocks are interconnected closely to create spacial cohesion. The spaces are further connected via crossing pedestrian bridges, adjoining classrooms, guest rooms and public spaces. The Petronas Leadership Centre was designed with a target of Platinum rating for both GBI and LEED.
