**IKANO MYTOWN**  
Kuala Lumpur

VERITAS Landscape Sdn Bhd was established in 1996 as a member of the VERITAS Design Group, and has since experienced rapid growth, expanding into all areas of the landscape design field. Today, despite its relative maturity, VERITAS Landscape continues to pursue a dynamic approach to landscape design founded on innovation and the principles of professionalism.

VERITAS Landscape has been honored over the years for award-winning landscape design works commissioned for major international organizations and public listed companies, both within Malaysia and overseas. Completed projects of the firm have been published widely in the local media and the Principals have presented their work and ideas at numerous academic and professional forums.

As part of the VERITAS Design Group, VERITAS Landscape has access to the larger resources of its parent company, either to meet critical project milestones or for the purpose of providing integrated professional design services. This resource includes over 380 other members of the group within its 3 Malaysian offices (Kuala Lumpur, Penang, Johor and Sarawak) and 6 international offices.

VERITAS Landscape has adopted a flexible and adaptable approach to handling landscape design projects, tailored to respond to the specific needs of each particular project and the decision-making process of the Client. At VERITAS Landscape, the quality and consistency of professional service on each project takes precedence over theoretical design goals. Consequently, the firm's work is marked not by a fixed stylistic signature, but rather by a consistent approach inspired by the principles of good design, environmental concern and contextual integrity.
