VERITAS Architects Sdn Bhd was established in 1987 as the original entity within the VERITAS Design Group, and has since experienced rapid growth, expanding into all areas of professional architectural services. Today, despite its relative maturity, VERITAS Architects continues to pursue a dynamic approach to design founded on innovation and the principles of professionalism.

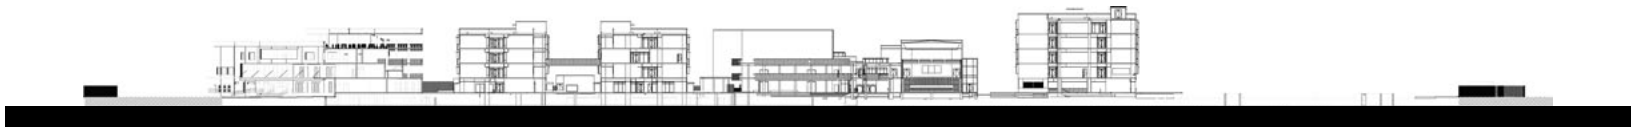

VERITAS Architects has been honored over the years for award-winning architectural works commissioned for major international organizations and public listed companies, both within Malaysia and overseas. Completed projects of the firm have been published widely in the local media and the Principals have presented their work and ideas at numerous academic and professional forums.

As a part of the VERITAS Design Group, VERITAS Architects can efficiently integrate related design services provided by its sister companies: planning, interior design, landscape design, environmental consultancy service and quantity surveying & project management. The group's resources include over 380 staff within its 3 Malaysian offices (Kuala Lumpur, Penang and Johor) and 6 international offices.

VERITAS Architects has adopted a flexible and adaptable approach to handling architectural design projects, tailored to respond to the specific needs of each particular project and the decision-making process of the Client. At VERITAS Architects, the quality and consistency of professional service on each project takes precedence over theoretical design goals. Consequently, the firm's work is marked not by a fixed stylistic signature, but rather by a consistent approach inspired by the principles of good design, environmental concern and contextual integrity.

Total Floor Area : 326, 700 sqft

Floors : 30 Floors

Completion : 2010

Number of Students : 2000 pupils

2005 - International Study Trip

In the same year in June, the first travel grant was made from VFE to UiTM architecture students. VFE fully sponsored Jeffrey Noorman from UiTM for a 3-week study visit to Germany in preparation for his final year.

VFE also contributed to the cost of 18 other 4th year students and environmental artists for various study trips around the world.

2006 - Information & Communication Technology Carnival 2006

The VFE was the main sponsor for the Information & Communication Technology Carnival 2006.

The carnival was organized by the Residential College Support Unit of Universiti Teknologi PETRONAS (UTP) a body formed under the UTP Residential College Administration.

The event helped give an opportunity to youths to understand the field of Information & Communication Technology.

2007 - F1 in Schools Technology Challenge World Championships

Rapid Blaze Team University Technology Malaysia (UTM)

This exciting competition was organized by the Ministry of Education in collaboration with the Petronas Formula One technology challenge in Malaysian secondary schools.

VFE was one of the co-sponsors for the Rapid Blaze team from UTM.

This annual event has participation from over 3000 student teams worldwide and their objectives are to polish entrepreneurial, engineering and industrial design skills while providing an early exposure to advanced technology.

2008 - Magok Competition

In the same year in April, the VFE sponsored 5 final year students of University Technology Malaysia (UTM) to participate in an International Design Competition for the Magok River Waterfront in Seoul, Korea.

The sponsorship sum of RM 21,000 was channeled to fund the student's study visit to Seoul. The objective of their visit was to study the site and to experience the local culture, people and architecture of Korea.

VERITAS also acted as professional planning advisor for the students to transform the Magok district into a tourism, commercial and environmentally-friendly waterfront area, in line with Seoul's "Han River Renaissance Projects" program.

Assembly of Landscape Architecture students Malaysia (Alam) 2009

The VFE was also the main sponsor for the Assembly of Landscape Architecture students Malaysia (Alam) 2009. This event was organized by the School of Landscape Architecture of Universiti Teknologi Mara (UiTM). The sponsorship sum of RM 12,000 was channeled to learning activities which improve the creativity and skill of the students in the field of landscape design in Malaysia. This 3-day event was held between 7th till the 10th of December at UiTM Campus in Perak. The event also gathered hundreds of landscape students from other major universities in Malaysia.

2009 - VFE 100 Trees

This year VFE conducted a tree adoption/planting programme in conjunction with Yayasan Warisan Alam (YAWA) as well as the Rumah Pengasih Malaysia (Drug Rehabilitation Center). The idea derived from VERITAS' environmental sustainability outlook for the year as well as the 'National Tree Planting Campaign' to plant 20,000,000 trees by the year 2020.

On Sunday 13th December 2009, the event kicked-off with an officiation and ground breaking ceremony with Tan Sri Salleh Md Nor of the Malaysian Nature Society (MNS), David Hashim CEO of VERITAS Design Group, Tn. Mohd. Yunus Pathi of Rumah Pengasih Malaysia, Malaysian actress Aishah Sinclair and Miss Malaysia 2007 Deborah Henry. VERITAS staff participated in the planting of 200 trees of varying fruit and rainforest species within the Rumah Pengasih grounds.

The tree planting was followed by workshops on sustainable 'green' home practices for adults and kids.
