

VERITAS

INDONESIA

VERITAS is one of the world's leading integrated multi-disciplinary design firms, with a network of global offices delivering award-winning architectural and related professional services which realise innovative sustainable solutions for the built environment.

VERITAS Indonesia, headquartered in Sudirman, Central Jakarta, is serving the vast archipelago of Indonesia, across 34 provinces. We care a lot about realising our works to the highest quality in details and executions. We pride most of our built works being published in both national and international publications. We have been working on numerous sectors, including hospitality, workplace, retail, and residential. We also put equal amounts of interest in various project sizes.

As part of the global VERITAS Design Group, we are ready to serve more diverse project sectors and clientele. With combined expertise and backgrounds among the international offices, we can only enrich and ensure seamless collaborations to realise better built environments.

VERITAS has an enviable track record in the commercial sector, from shopping centres to bespoke retail fitouts.
